YOUNG MEN'S CHRISTIAN ASSOCIATION.—The at- tention of members is invited to the notice of a meeting to be held this evening at Trinity Church.

CHOLERA PAMPHLETS.—In a notice which we gave two days ago of a pamphlet on cholera, by THOMAS SIM, M. D., we stated the work was for sale by MACOY, HEERWIG & Co., East Bay. We are informed the pamphlets are circulated gratuitously through the city, under the direction of the Medical Department.

FATAL TORNADO.—On Thursday morning last, during the visit of several gentlemen from the city to their plantations in St. John's Berkley, a terrible tornado swept over the Moss Grove Plan- tation and vicinity, on Cooper River, sweeping away both trees and houses. In one of these buildings Mr. A. MILLIKEN and Dr. CHRISTOPHER FITZSIMONS had taken refuge from the storm of both wind and rain. The storm increasing in violence, and the building showing signs of falling, they attempted to retreat, Mr. MILLIKEN passing out one door and Dr. FITZSIMONS attempting to escape by another. The latter, however, being lame, in his hurry was thrown down, and the building at that moment crumbling in, he was struck on the head by a cross beam and instantly killed.

Another building, into which several negroes had entered and sought shelter, was also thrown down, one negro woman killed and several negro men wounded. The funeral of Dr. FITZSIMONS took place in this city yesterday afternoon.

FAVORS.—We are under obligations to the atten- tive Purser of the steamer *Dictator* for recent ex- changes.

TO THE APPRECIATIVE.—In our issue of yesterday we noticed the fact that the diamond crested snuff box which was presented to Colonel JOHN LAURENS, of this State, by LOUIS XVI., was about to be raffled in Baltimore. We have now the sat- isfaction of announcing that tickets for the raffle may be procured at the Jewelry Establishment of A. H. HAYDEN, corner of King and Hasel-streets.

A MOVE IN THE RIGHT DIRECTION.—Elsewhere our readers will find cards subscribed by the principal merchants of Meeting and Hayne-streets, and East Bay, announcing that their stores will be closed on Saturday afternoons, during the summer season, at 2 o'clock.

MORE BURGLARY.—The cellar attached to the residence No. 23 Smith-street occupied by Mrs.
